

Boarding Agreement

ver. 8/2019

Owner's Name: _____

Pet's Name: _____

Address: _____

Species (circle one): Dog Cat Exotic

Breed: _____

Home or Cell Phone: _____

Color/Description: _____

- For your pet's protection, all vaccines must be current. Dogs must have proof of current Rabies and DHPP vaccinations, as well as have had a Bordetella vaccination within the past 12 months. Cats must have proof of current Rabies vaccination, and have had an FVRCP vaccination within the past 12 months. Ferrets must have proof of current Rabies vaccination. ****If you are unable to provide proof of vaccination, we will administer the needed vaccinations during your pet's boarding stay. This may require an examination if they are not a current patient at our hospital.**
- Your pet must be free of internal and external parasites. If not, treatment will be performed at your expense.
- Owners may bring personal toys, beds, blankets, etc. for pets, but please note that Alpine Animal Hospital is not responsible for any lost or destroyed personal items.
- We encourage owners to bring their pet's regular diet for continuity. If not provided, we will feed high quality dog or cat food for the duration of your pet's stay. Alpine Animal Hospital is not responsible for any symptoms your pet may exhibit from an abrupt diet change.
- If your pet becomes sick or injured during its stay, we will attempt to contact you and/or your listed emergency contact before treating, unless emergency intervention is required prior to contact. If we are unable to reach you in a reasonable amount of time, your pet will be diagnosed and treated at your expense.
- Pets can be dropped off and picked up during regular hospital hours only. Boarding rates begin the day of drop off and continue until the day of pick up (*no daily fee is charged for the day of pick up if your pet goes home before 12pm*).
